## CHURCH OF ENGLAND GIRLS' SCHOOL MAGAZINE

---

### EDITORIAL

Sir Littleton Groom, while speaking to us on a recent visit, likened the whole school to a stained glass window. Such a window is made of numerous pieces of glass. The members of the school were regarded in the same light; they were tiny pieces or members of a wonderful body.

A stained glass window sheds a beautiful light, but should one of the minute fragments of glass become in any way dusty or dimmed, then the whole is marred. Thus it is with the school. If one member of it in any way lowers her standard, then she lowers the standard of the whole within its walls and spoils the beautiful light which the school should be shedding. Every girl should always be striving to raise her ideals and thus make her light shine brighter and clearer, so that when she leaves school she may take with her something of this beauty and brightness to the outside world.

### SCHOOL NOTES.

At the end of last term, "Milestones," by Arnold Bennet, was acted by the house-girls in the school hall. This proved successful, and was well attended.

During mid-winter a party consisting of both old and present girls, with Miss Phipps, went for a trip to Mt. Kosciusko and Canberra.

On July 30 a service was held at the Church for the induction of the new Senior Prefect (N. Elphinstone) and for the new Prefect (M. Gordon).

The performances of "The Mikado" and "The Gondoliers" by the Gilbert and Sullivan Opera Company, were attended by a number of girls, and were greatly enjoyed.

On August 9, Dr. Bryan, who was on a geology tour with a party of undergraduates from Brisbane, visited the school and spoke to the girls about the geology of Warwick. The Junior Form of P.G.C. was also present.

At P.G.C. on August 18, Mr. Mann, the Trinity College examiner, gave a lecture on Schubert's life and work.

Our thanks are due to Mr. Lomas, who has given us a Kodoscope. We are now able to have our own picture shows whenever we choose. We thank Mr. Gordon for bringing his Kodoscope, and Mr. Armitstead for arranging a most interesting and instructive picture evening.

The annual school sports were held in the school grounds on September 8. There were many visitors present, and on the whole competition was keener than in previous years. Form IVa succeeded in winning the Interform Cup. The Senior Championship was won by N. Elphinstone, E. Redmond 2nd, and M. Thompson 3rd; Junior Championship, W. Blackmore 1st, R. Henry 2nd; Prepara-
