We are proud, too, of their success. A new tennis court will be ready for next year.

This year we were not successful in the net-ball competition, yet it is believed that the team has greater possibilities for the future than it had previously. Net Ball honours were given to N. Elphinstone (captain), M. Thompson, and B. Medhurst.

Since Michaelmas base-ball has been played regularly, and the competition is very keen. At present the house-girls have the higher score.

Many books have been added to the Library recently, and have been enjoyed by both older and younger members of the school.

This year a Camera Club has been formed, and considerable interest has been taken in it. The members both develop and print their own films.

The Guide Company has made steady progress during the last six months. Many members have passed their second class test. Brownies have also been introduced and have rapidly grown in numbers.

Confirmation this year is to be on November 18, at St. Mark's Church. There will be eleven girls from the school. The Archbishop is to spend the week-end in Warwick, and we hope to be visited by him on Monday. At the end of the year we expect to have our usual Carol Service and display of Work on December 10. We hope to produce "Love's Labour Lost" on December 7, and invite all friends to these, and to our Speech Night on December 11, when the Archbishop again hopes to visit us.

Next term begins on February 5.

We wish Miss Burton every happiness in her new work next year, and thank her most sincerely for her many and varied interests and efforts on our behalf. To Miss Johnstone, too, we offer our thanks and best wishes for the future.

THE SCHOOL.

I know a school house hidden in the trees,
Fanned by the winds and the gentle breeze,
Behind those friendly walls the terms fly by,
Underneath the bright and clear blue sky.

Oft is the sky all dull and grey,
But school goes on from day to day,
Willingly working the whole day long
And ending the day with an even song.
